Chinese Colorings and Embroideries are Being Revived

THE fashions of this coming season could be described with any one word it would be "composite" They represent a great many different periods and they give evidence of a great many sources of inspiration. Although in the cold they are our own, for all that is sought Fed and adapted and changed to suit present

puffed up

lit evenings

popular spring vogue.

day needs The very latest advices from across the sea he very later allives from across the established in that Chinese embroideries are to be extensively used. Chinese enterine is being income employed and the Chinese influence are accordent. Some time are it was discovered that the dressnakers and designers were booking at Louis XV period and they are giving as various evidences of that fact. As a natural some re-we must look for Chinese effect, for China became diplomatically affiliated with brance during the reion of the previous Louis and Chinese materials entered largely into the fashions of his day.

It has been said with a great measure of truth that the fashions of today are not of one sort but are of several determined by the dress-makers of Paris and the women with follow in the wake of one adopt one style and the women who followed in the wake of another adopt another style. This year we have the Louis NV influence that referred to we have the Essent seried largely drawn upon for suggestion and to have still earlier ninercenth century infu ences are diear wherever we turn. Because of the interest in the various warring constries of Furone the reasont costumes are being studied and considered. While it is to be based the a designer of require would not constitute to be such combinate us as the Louis NV period with the Eurenie, according tions of all these periods are to be found and

The Chinese lembroideries referred to elected an each and band one that they make an executed appeal to to give the test of each they must be scaringly used in lars only on they must be scaringly used in lars only on the only abredly we will see endroidery suggestion of the Chinese inspiration about costumes the own that is shown here makes a cood examply It is made of George the combined with these. Willow and the amiroidary gives just a late black the Chinese in the description in the where The kirt is a simple straight catherer one to kert with hands of ribbon for trimming of Athor trimmine mak an important and moranis feature of the toxin; and amount They are to be found in the most exemple. weaves and plain colors with dainty finished edges, and they are sho to be found in wonderful be each a said volver effects that are superb They are being used as bonds upon stirrs, they are I has need for triumning of almost every known sort. They are It in a minloyed for the traking of the hand-onest girdles that the seas of his to show the are extensively their for trimming of hats. Fibben hows and risks a trimming are familiar but this season has brought us hats of straw with the crowns completely covered with ribbon in a new and entirely inter-Some of the elever designers from across the

sea are pulling the edges of the ribbon down between the crown and the brim to form an irregular frill against the face. The effect is a very charming one, it is senerally becoming and is certainly is movel. A famey of the season is for the hat trimming the girdle and the balls silk tag or reticule, that must be carried with every afternoon continue if it is complete, to be made of the and the same ribbon. A mutable example shows a broad brim Leghorn hat, the

underside of which is dyed to a dark blue with the crown of a really supert velvet ribbon showing a flowered design in rich colors and with a circle and hag of the same, the bar being a very simple one drawn up by means of narrow ribbon strings and weighted with a tassel to give

Albat are brown as Baskt Influences also are good and we are having some really wonderful color effects. Like many a solber beautiful thing the Backt idea always is easily travested. The colors as they are handled by a contractor are rich and much if a little approxime they still are beautiful. In the hands of many of his impature they are simply merich. Let us have that they will not be imitated by the northinking and the untrained. They require this they remire art in their handling, it is only gloss they my circlety most that they many shares econing want of white with with a strice I harder of ereen red indischlor and salt on the errors. But as it was breathed by a faithful full corr of the master it was shortly emer! Ot at h Or and coloring undoubtedly there will be much 100 is used in bits and without creed in all will be well danger lies in excess and excess is rainous in matters of dress as it is in the more extinue

Practical electric costumes are absence of Practical special continuous are always contest. The nown of olaid and olain expected there exists an excellent extends of what we know as a stress speak. Cost mile we of the late they have fill a close time are the other time. In there is a demand for the course that can be seen that they have the can be seen to be can be seen that they have the can be seen to more great the street and such offers as those per successful in bearing about a continuo ideal he the mercas. This was for example could be could be seened in an early of the or in chald correspond to the or in chald correspond to the could be seened to the or in the could be seened to the or in the could be seened to the more constitual costume than the dates who well white and it could be excited in nonnec for the summer costume but in whatever expected it is shown the lines will remain, and it is the lines which make the success of any narmon. Deally is in a skirt with an over passion. It is not a refinence, wer the combination of the blooms. and skirt subject the redimore idea. The few nations of generous size and of great beauty

Already the Southern resorts have emphasized the madiness with which the ribbon reinming has been accorded. With the comin- of the summer, we may look for Enverie gowns extenof the ribbon trimmed for ribbon styles for ribbon carnitures and ribbon utilized in every Accessories that suggest what we are not to

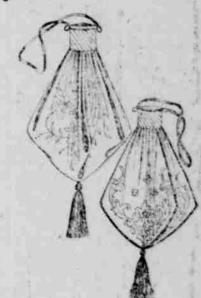

call "old timey" effects are creatly in demand and little bunches of quaint forces are far ely locities for what nots. Posies are delichtfully suggestive of the old time earden and the nearest one comes to be effect if the flowers that might be pathened therefrom, the oesser the will be

Mastin and entifion tend themselves to the furenic ceried with exceptions success. The white frack shown here is of treamlis and the material as well as the style ornshasizes the resion. It is designed for the debutante and is worn with a wide sash held by a single rose. The picture tells the story of its style and of its charm. The firth dropes the should remost gracefully and becomingly and fichus are being briefly exploited but he all but the very young or cely exploited but he all but the very young not the contessed of beware. Draped over shoulders so young that they cannot be made to look old, they are a real delight. The fich i

wern by a dear old tady, was makes no fretener to youth, has an infinite charm of its own but for the woman of mri-fle lite is even of marura youth, it is to be looked upon as scant gandie frock might of course be couled in one of - dozen materials but organile is smart this scason and organize is detariness

Embroidered Wrist Bags

The wrist hag is a necessary acquisition en-every wardrobe, but it seems difficult for one to find just the thing that is appropriate for all uses. It is not an article of wear we care to have an unlimited number of, therefore we must give quite a little thought to its selection. The bag pictured here is very smart and up to dage and one that will meet every requirement. The design can be carried out with elaboration or made simply. The newest materials being used at the present time for these articles are heavy taffetas and gros de Londris silk. The latter is perhaps the better choice, being heavier and longer wearing. The embroidery pattern carried out in beads makes a most effective and dressy
